

**Subject: NHSS 12 e-cards**

**Date: March 2023**

Following on from the November e-card news update, Lantra would like to notify all NHSS 12 Providers that Lantra will be switching over to e-cards in place of Smartcards from the 1<sup>st</sup> of April 2023. For a short while, Smartcards will still be available while stock lasts. To enable Providers to highlight to Lantra which option they prefer, we have updated the attendance sheets.

With paperwork received before the switch over to e-cards, where you have selected Smartcard, the Lantra Awards & Certification team will be in contact to check if you do wish to continue with Smartcards.

To help assist the transition from Smartcards to e-cards, Lantra has provided a power point presentation for trainers to use to facilitate learners and clients with the transition.

We have also produced a Frequently asked Questions document to help with any questions you may have when adjusting to e-cards.
