

Felling and Processing Trees up to 380mm Refresher

At a glance...

Training (with Assessment) Competence with Modules

Duration Notes:	1.5 days
Delivery Method:	Theory/practical

Introduction

Enhance your skills with our dedicated refresher course.

This course is for those who are already operating in industry and need to complete refresher training as set out in the Chainsaws at Work INDG317 document.

Overview in brief

Felling and processing trees can be dangerous tasks.

That's why it's vital to make sure you have the confidence, knowledge, and skills needed to do it safely.

Our refresher course will keep you up to speed with the latest techniques and safety information.

It's not for novices as it doesn't offer the wide range of skills needed for inexperienced operators to work safely.

The finer details

Our course offers a balanced mix of theory and practical sessions.

Worth noting: You will need a minimum level of fitness to complete this course.

Who should attend?

This course is suitable for people who work in: Arboriculture Forestry Agriculture Horticulture Woodland Local Authorities Conservation Construction Land-based. Note: Due to the nature of the training a minimum level of fitness is required for specific operations. Whilst we would not want to disadvantage any learner, it is an essential requirement of the course.

What will be covered?

By the end of the course, you'll have worked through:

- Safety, health and welfare
- Biosecurity
- Felling.

You'll receive a certificate of attendance upon completion of the course.
