Introduction

A two-day course on instructional techniques.

Overview in brief

Recent studies have found that individual people have different ways of learning, because of there has been an increased demand for training courses that can be provided to those who wish to instruct small groups of people and this is why the course has been designed.

This highly participative course allows candidates one practice session during the two days to consolidate what they have learned.

The finer details

In the course comprises several modules which are:

- Planning and content
- Delivering Training
- Managing Trainee Practice Times
- Learning Styles
- Error Correction
- How to open & close a training session.

Who should attend?

This course would be suitable for anyone who wishes to instruct courses of a practical nature.

The course is suitable for both the inexperienced and the more experienced Instructor who wishes to refresh their skills.

What will be covered?

By the end of the course, learners will be able to:

- Plan and structure a practical skills training session
- Deliver a practical instruction session with improved confidence
- Manage trainee practice time
- Adopt a style that requires trainees to think and participate
- Develop questioning skills and error correction techniques
- Understand the different learning styles and be able to design training sessions that appeal to all learning styles.
- Evaluate their own and learners performance and give constructive feedback.
