

12D M1 MWO

At a glance...

NHSS

Duration Notes:

NHSS 12D T1 Course – ½ day **T1 Refresher Test** – Test Duration Only. If you are completing a refresher test you are required to hold a current unexpired 12D M1 MWO skill as a minimum

12D M1 MWO has no practical assessments.

Delivery Method:

Classroom

Recognised by:

National Highways; Transport Scotland; Welsh Assesmbly and Transport NI on their rural and urban road network

Prerequisites:

If you are new to the industry or do not hold other current NHSS 12ABCD TTM skills registration cards/certificates you will need to complete and hold a valid TTMBC skill prior to attending the 12D T1 training course. M7 is a stand alone category and does not remove the requirement for TTMBC.

If you are completing a refresher test you are required to hold a current unexpired 12D M1 MWO skill as a minimum.

Introduction

NHSS 12D M1 Moving Works Operative (MWO) for mobile and short duration works. M1 MWO Labourer category allows you to complete mobile operations and short duration works on single carriageway urban and rural roads and low speed dual carriageways only.

The finer details

This 12D M1 MWO course will cover

- 12D Sector Scheme Definitions
- 12D Qualifications & Training Routes
- Reference Documentation

- Health & Safety
- Risk Assessments & Method Statements
- Equipment & Vehicles
- Mobile Works & Short Duration Works
- Signage, Lamps, Tapers & Cone Spacings
- Site Definitions, Safety Zones & Basic Layouts
- Pedestrian Safety & Footway Works

Who should attend?

All persons that need to become a Moving Works Operative (MWO) for NHSS12D mobile operations and short duration works.

What will be covered?

On completion of this training course learners should be able to demonstrate a knowledge of:

- Health and Safety at work and how risk assessments and method statements impact on work duties
- Relevant codes of practice and other associated documentation when involved in temporary traffic management
- The equipment required in Temporary Traffic Management, and legal obligations when placing equipment on the highway
- The requirements for Mobile and Short duration works

Other areas of interest

12D Mobile Works Operatives (MWOs) can only be involved in mobile and short duration works on NHSS12D type roads (single carriageway urban and rural roads and low speed dual carriageways).

If other temporary traffic control types (give & take, priority, stop/go, temporary traffic signals) are required on NHSS12D roads, 12D M1/M2 Registered Traffic Management Operative (RTMO) qualification will be required. For more information on this aspect of 12D please search for the course on our website
