

Livestock Checkers Course

At a glance...

Assessed Customised Provision

Duration Notes:	Classroom learning with a practical element looking at livestock checking
Delivery Method:	Classroom and practical
Recognised by:	Lantra Awards

Introduction

This course provides a basic introduction to checking livestock and equines in the conservation/land-based sector.

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 16. Please note we only take group bookings for a minimum of 10 for this course.

The course covers animal health and welfare, the key legislation, the role and responsibilities of a stock checker and how to safely and effectively check livestock. Make participants feel more confident in dealing with livestock and ensuring you feel confident in their ability to check livestock to the appropriate standard.
