Introduction

Our online Horse Care & Welfare Course is designed to teach you the skills required to handle and care for equines in a stables and outdoor environment.

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 16.

Over 8 modules the student learns about equine behaviour and the correct equipment & procedure used to handle them.

Further modules cover grooming, hoof care, use of rugs, feeding, stable management and basic first aid for equines.

The finer details

The course is designed to give the Learner a good overview of all of the main elements involved in working with and caring for equines.

Course layout is interactive and engaging, easy to navigate and is designed to meet the needs of all levels of literacy.

There is a short quiz after each module and the course allows for a practical assessments after weeks 4 and 8 for groups in Republic of Ireland so that learners can put the theory they have learned into practice.

Who should attend?

This course can be a stepping stone to further education or for employment in the equine industry sector.

Equally the course is ideal for first time horse owners and for those in regular contact with equines.

- Anyone interested in a career with horses
