

Filling Station Forecourt Manager (ROI)

At a glance...

Assessed Customised Provision

Delivery Method:	Theory and Practical
Recognised by:	Lantra Awards
Prerequisites:	Holds or about to hold a supervisory role or higher

Introduction

This programme is designed for new or aspiring supervisors or managers requiring a basic working knowledge managing a filling station forecourt and fulfilling the role of 'Competent Person'.

Overview in brief

This programme covers the essential information required by a supervisor or manager with responsibilities for health and safety and normal operation of a filling station in Ireland and has the responsibility of receiving fuel deliveries.

Although there is a focus on petrol forecourt staff to take this course, it is also suitable for delegates who work in industries such as car manufacturing, logistics, marina, transport and logistics etc.

The finer details

The programme is divided into a number of sessions during the one-day course.

Who should attend?

Any person or manager working in a filling station who requires a working knowledge of the roles and responsibilities of managing a filling station.

What will be covered?

- Identify the laws applicable to a filling station.

- Identify the documents that must be available on site.
- Understand the basic principles of hazardous area zoning.
- Understand the basic principles of Ullage and calculate using the 90% rule.
- Know how to complete a Dangerous Substances Schedule 4 form.
- Understand the concept of underground oil interceptors.
- Know the key responsibilities of an “Competent Person”.
- Understand the key procedures of a fuel tanker delivery.
- Understand the concept of Driver Controlled Deliveries.
- Know the procedure of dealing with fuel spills and other emergencies.
- Be familiar with the concept of a good safety Culture
