

Risk Management for Construction Supervisors

At a glance...

Assessed Customised Provision

Delivery Method:	Classroom and practical
Recognised by:	Lantra Awards
Prerequisites:	CITB SSSTS or equivalent

Introduction

The course is designed for delegates new to the position of becoming a Construction Site Supervisor and enable them to have a more in-depth knowledge of RAMS and Construction Phase Planning

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 18.

The course is specifically aimed at new construction supervisors that have completed the CITB Site Supervisors course, but can be used to help Site Supervisors into becoming Construction Site Managers

The finer details

It is important that delegates have completed construction site supervisor courses, for example the CITB SSSTS before attending this course. The course will help delegates own their skills in Construction RAMS and Construction Phase planning.

Who should attend?

People moving into Construction Site Supervisor roles

What will be covered?

Risk Assessments

Method Statements

Pre-Construction Phase Planning

Construction Phase Planning
