This course is intended as an introduction Enhanced Mobile Carriageway Closures

Other areas of interest

Progression to EMCC Operators Skilled Worker (Assessments)

The pre-requisites to undertake EMCC Operator Assessments are

- must hold a valid NHSS 12AB General Operative Skilled Worker category.
- must hold a valid EMCC Awareness training course certificate.

It is recommended that the EMCC Operator will have gained a at least 6 months experience of regular participation in Static TTM on dual carriageways and motorways.

It is important that they can understand verbal communications from the appointed LTMO or Foreman, relating to the execution of EMCC.

You will be required to complete a minimum of 1 live assessment consisting of 3 units. Once you have started the assessment process you have 2 years to complete the assessment.

Once the Assessments are successfully completed the EMCC Operator skilled worker e-certificate is valid for 5 years.
