Those who have attended both the Introduction and the Intermediate levels of the course

Coventry, Warwickshire, CV8 2LG

# What will be covered?

# **Objectives**

- builds on Introduction and Intermediate Levels and begins with a review and revision of concepts and assesses participants' ability to put them into practice at the Intermediate level
- how to analyse a dog's progression and development and assess the limits of its ability
- how to assess whether a dog has natural ability or whether it is well handled
- explains how to work with more than one dog

Coventry, Warwickshire, CV8 2LG
