

# IMS - Team, Section and Group Leader Role

## At a glance...

### Modular customised provision

Duration Notes:	3 hours
Delivery Method:	E-learning
Prerequisites:	A Site Incident Management Team workshop is desirable.

### Introduction

To provide participants with greater knowledge of the specific role of Team, Section and Group Leader in an Incident Management System, with reference to the Forestry Commission Incident Management System, Defra Generic Plant Health Contingency Plan and other approaches to provide the knowledge to work effectively as part of a Site Incident Management Team for incidents or events.

### Overview in brief

To provide participants with greater knowledge of the specific role of Team, Section and Group Leader in an Incident Management System, with reference to the Forestry Commission Incident Management System, Defra Generic Plant Health Contingency Plan and other approaches to provide the knowledge to work effectively as part of a Site Incident Management Team for incidents or events.

This is for either internal working or external interoperability and/or coordination with other organisations and the emergency services using JESIP.

The delivery method for this course is either E-Learning or Classroom.

### The finer details

The course provides knowledge and assessment on:

- What is Incident Management and the core principles as defined in the Incident Management System (IMS)
