Accredited by both LANTRA and UK Rural Skills (UKRS), the excellent 'Proficient Deer Stalking Certificate' (PDS1) is a deer management certificate that enables beginners to achieve 'Trained Hunter' status, at a time and place that suits, through the completion of an online course.

The finer details

Through a series of online modules, classes and exams delivered by a professional deer stalker, 'LANTRA Approved Training Provider' and 'Approved Verifier', candidates are guided through the PDS1 syllabus.

The PDS1 Course serves to educate and inform candidates about the practical elements involved in becoming a trained hunter, such as safety, marksmanship and rifle handling. Offered with the course is a 'Large Game Meat Hygiene Certificate' that complies with FSA Guidelines for placing large game meat on the market for human consumption.

Having completed the theory element of the deer management certificate online, candidates are awarded a PDS1 Certificate verifying what they have learnt.

To compliment the PDS1 theory with the practical assessment, it couldn't be easier. We provide a list of Approved Verifiers (AV's) in your area who will be able to sign off on the practical elements of the course.

The Proficient Deer Stalker Course (PDS1) is an established, widely recognised and nationally available deer stalking course that not only empowers candidates but is widely recognised as a crucial first step in obtaining a Firearm Certificate, or variation to an existing certificate to hunt and shoot deer.

Your instructor throughout the course is Peter S Jones, a well-recognised and highly experienced full-time, professional hunter.
