

News Update: Part 2

As a follow-up to CSCS's withdrawal from the GoSmart platform, and Lantra's subsequent decision to discontinue its use, we would like to remind skills card holders of their available options.

For further details and the initial announcement June 2024 (issued 18/07/2024), please visit the Lantra website: <https://www.lantra.co.uk/certificate-checker> and link to News and industry updates <https://www.lantra.co.uk/national-highway-sector-schemes-nhss/news>

Options for Current 'Chipped' Card Holders:

1. Free e-Card Replacement
 - Lantra will replace your current skills card with an e-card free of charge. The expiry date on your existing card will remain unchanged.
2. Plastic Card with QR Code (£60 + VAT)
 - You can request a replacement plastic card, now supported by a QR code, at a cost of £60 + VAT. The expiry date will remain unchanged. However, once the skills on this card expire, it will be replaced with an e-card at the standard card cost.

Note: Both options can be checked via CSCS SmartCheck <https://cscssmartcheck.co.uk/> and the Lantra Card Checker: <https://www.lantra.co.uk/certificate-checker>

We encourage all cardholders to review their options and take any necessary steps to ensure uninterrupted access to their credentials.
